## STURGES AND KENNEDY WAR

Policy For Life Insurance Writ-  
ten by School Board Presi-  
dent Involved

COMMISSION BACK  
OF THE SENSATION

Blair Detective Reports That  
the Architect Made Insin-  
uating Charges

Charging that he had been told by  
Architect A. B. Sturges that if he  
wanted to be superintendent of the  
construction of the new polytechnic  
high school at Santa Ana he would  
have to take out some life insurance  
with W. L. Duggan, J. P. Kennedy  
of Los Angeles sprang a sensation at  
the meeting of the school board last  
night. Kennedy said that Sturges  
told him that he (Sturges) had to  
take out a \$5000 policy with Duggan  
in order to hold his job.

Sturges and Duggan stated that  
the policy had been written for Stur-  
ges, but that it was a business propo-  
sition, separate from their associa-  
tion. Sturges as architect for the  
building and Duggan as president  
of the school board. The result of  
the investigation so far as it pro-  
ceeded last night was to put Archi-  
tect Sturges in an unsavory light in  
that a short time ago he recommended  
Kennedy for the superintendency,  
and last night he condemned Kennedy  
as unreliable and incompetent.

Incidents that led up to last  
night's occurrences at the school  
board meeting, as alleged by Kenne-  
dy, are about as follows:  
Kennedy and Sturges had a gen-  
tleman's agreement whereby Sturges  
agreed to give Kennedy a commis-  
sion if Kennedy would land the Santa  
Ana contract for Sturges. Kennedy  
came here, talked for Sturges  
and had the school board examine  
the Long Beach poly high. Out of  
the applicants, Sturges was selected.  
Kennedy says Sturges has refused to  
recognize his claim to commission,  
and is endeavoring to "squeeze"  
Kennedy out.

Kennedy was an applicant for the  
appointment by the school board of  
superintendent of the construction of  
the buildings, and was recommended  
by Sturges to the school board.

Kennedy says that Sturges offered  
him \$1500 to attend to the superin-  
tendency. Kennedy says he thinks  
that the sum was made low, so he  
would refuse it. At the time Sturges  
told him that if Kennedy took the  
place he would have to take out some  
life insurance with Duggan's com-  
pany; that Sturges had taken out a  
policy. Kennedy came to Santa Ana  
and among others told the story to  
H. G. Dean, a member of the board.  
Dean thought the disagreement be-  
tween the two men might have pre-  
judiced Kennedy, and so Dean de-  
cided to make an independent inves-  
tigation. He had a detective go to  
Sturges.

What Was Said  
That brings the story down to last  
night's meeting.  
Kennedy arose and said, in sub-  
stance:

"There never was any contract  
between Sturges and myself, but I  
was to get a commission. Two weeks  
ago Sturges took me to a soft drink  
parlor, and there offered me \$1500  
to superintend the job here, show-  
ing me that his recommendation  
would probably get me the appoint-  
ment. I saw the sum was ridiculous-  
ly low, as it would take perhaps 400  
days to do the work, and I would  
have to move my family here. He  
told me that another thing would be  
the taking out of life insurance. He  
said he had to take out a policy  
from Duggan in order to hold his  
job, and that I would have to take  
out one or I would not last long.  
Now, what I want to know tonight  
is whether or not I am going to get  
a square deal, and if I have to be  
treated that way."

Duggan: "No man has to take out  
life insurance or do anything of the  
kind to get a square deal here. We  
all voted for Sturges. I voted for  
him solely on the basis of the Long  
Beach school, which I liked."

"Dean: Mrs. Smart, will you  
please read that report?"  
Mrs. W. M. Smart, secretary of the  
board, read a report by a Blair De-  
tective Agency operative, made by  
the operative to the agency and  
turned over by the agency to Dean.

In short the report was as fol-  
lows:  
The operative went to Sturges' home, and pretended to want plans  
drawn for a bungalow. After a con-  
versation the detective asked Sturges  
how he was fixed on life insurance,  
and Sturges replied that he had all  
he wanted, that he had just had to  
take out \$5000 from the president of  
the school board down in Santa Ana.

## Newspaper man Swore in Court— Fine and Jail

DENVER, Colo., July 27.—Be-  
cause he said he would like to  
take from judges "the damnable  
power of contempt for actions out-  
side their courtrooms" Judge Shat-  
tuck yesterday afternoon adjudged  
Fred Bonfils, part owner of the  
Denver Post, in contempt of  
court and sentenced him to 60  
days in jail, a \$5000 fine and half  
the costs and to remain in jail un-  
til the fine and costs were paid.  
Judge Shattuck offered Bonfils  
a Bible suggesting that he read it  
in jail. Bonfils is seeking a writ  
of supersedeas.

of Clarence Darrow went over until  
next Monday, when Darrow himself  
will take the stand and wind up the  
case of the defense.

## National Elimination Today

Balloon Race Begins Today  
KANSAS CITY, July 27.—Ideal  
weather prevailed today for the  
starting of the national elimination  
balloon race this afternoon. There  
were eight entries. The balloons  
traveling the farthest will be en-  
tered for the international balloon race  
in Germany.

Before the race started it was  
announced that Dr. Hillman and Miss  
Davis would be carried in the basket  
of the balloon, Kansas City the third,  
and married thousands of feet in the  
air.

## "Jack" Barrymore

In Los Angeles Police Court  
LOS ANGELES, July 27.—"Jack"  
Barrymore, the actor, pleaded guilty  
this morning to assault and was ar-  
raigned before Police Judge Williams  
for fighting with a barber. He will  
be sentenced Monday.

## Police Search For

Miss Snodgrass in Cleveland  
CLEVELAND, O., July 27.—Con-  
fident that a young woman who recent-  
ly applied for the position of nurse  
at a local hospital is Miss Dorcas  
Snodgrass, the missing New York  
heiress, the police are canvassing the  
city today. The woman tallied with  
the description of Miss Snodgrass.

## HE DEFENDS TAX ON SUGAR

Lodge Says it Does Not Much

Affect the Poor—Excise  
Bill Blocks Tariff

WASHINGTON, July 27.—Senator  
Lodge of Massachusetts will lead an  
attack in the Senate today on the  
House sugar tariff revision bill, main-  
taining that the tax does not come  
largely on the poor and would in no  
way lessen the cost of living for  
those on whom it comes hardest.

The Democratic minority of the  
Senate finance committee filed its  
report on the substitute House bill.  
It said the members believed it un-  
wise to surrender \$50,000,000 of pub-  
lic revenue on one bill.

## TWO MORE CAUGHT IN ROSENTHAL NET

NEW YORK, July 27.—As the result  
of testimony given the grand jury by  
Louis Kresse, a waiter who witnessed  
the assassination of gambler Herman  
Rosenthal, "Bridge" Webber, who  
was on the scene, was held today on a  
murder charge without bail.  
Jack Sullivan "King of Newsboys,"  
is also charged with murder. He was  
pointed out as being in the "murder  
auto."

## 2000 MEN OUT IN PAINT VALLEY STRIKE

Dozen Men Said to Have Been  
Slain in Clash of Strikers  
and Mine Guards

TWO DETECTIVES KNOWN  
TO HAVE BEEN KILLED

Militia on Spot—People Terror-  
ized—Hundreds of Homes  
Riddled by Bullets

CHARLESTON, W. Va., July 27.—  
With both telephone and telegraph  
wires down, reports here today say  
that a dozen men have been slain in  
the Paint Creek section in the recent  
clash between the striking miners and  
the Baldwin detectives guarding the  
mine property.

Couriers report that two thousand  
men are out and that the situation is  
desperate. Residents of the district  
are terrorized. Refugees reaching  
here say that five thousand shots have  
been exchanged and hundreds of  
homes have been riddled by stray bul-  
lets.

Just how many miners have been  
killed is uncertain, but the Baldwin  
agency, however, has lost two men,  
William Springer and Gus Pinson. P.  
Haupt, who is in the hospital with bul-  
lets through both arms, will recover.

Adjutant General Elliot and twenty-  
five militiamen are encamped at Muck-  
low, but it is not believed that this  
small force will be effective in restor-  
ing order. Three companies of mil-  
itia are on their way from Charleston.

## Yesterday's Battle

Just after daybreak yesterday morn-  
ing, from 600 to 800 miners gathered  
on the hills which rise perpendicularly  
from the town of Mucklow and began  
an attack upon the village, directing  
their bullets particularly at the houses  
in the town occupied by the officials  
of the coal company and the quarters  
of the armed guards who have been  
employed to protect the properties.

For almost two hours the bombard-  
ment of Mucklow continued. When  
the attack began many of the inhabi-  
tants of the village had not left their  
beds, but they were compelled to  
make a hurried exit to places of  
safety where they remained quartered  
until an early Chesapeake and Ohio  
passenger train, coming down the rail-  
road, which runs parallel with the  
coal-producing creek, carried them  
out of the danger zone.

The siege became a battle when  
the guards employed by the coal com-  
pany replied to the fire of the miners  
with a machine gun, combing each  
side of the mountain.

## CIVIL WAR VETERANS TO HOLD REUNION

Survivors of Wilson's Creek  
Battle to Meet on Fifty-  
Third Anniversary

Los Angeles Tribune: In celebra-  
tion of the fifty-third anniversary of  
the battle of Wilson's creek, August  
10, 1861, the six California survivors  
of the famous First Iowa infantry will  
hold their annual reunion and dinner  
August 10 to 12. The meeting place  
will be decided later.

The old soldiers living in California,  
who survived this, one of the most  
bitter battles of the civil war, are  
James Madison Tibbetts of 126 South  
Avenue Twenty, age 71; George Aylis-  
worth, 224 North Hancock street, age  
71, captain in the Eighteenth United  
States infantry; Frank Hobart of  
Ventura, age 73, Seventeenth Iowa  
Volunteer infantry, twice taken pris-  
oner, and serving seven months in  
Andersonville prison; John T. Cook  
of Ventura, age 70, First Missouri,  
S. M. S.; George Cramer of Whittier,  
age 70, Nineteenth Iowa infantry and  
First Iowa battery; and William L.  
Murphy of Long Beach, 82, Nine-  
teenth Iowa infantry.

All were members of the First  
Iowa at the battle of Wilson's creek  
and served from the first call to arms  
until the close of the war. When the  
call of their country came they threw  
aside the plowshare and shouldered  
arms.

## FIRST WIRELESS RECEIVED FROM HYDRO-AEROPLANE

ANNAPOLIS, Md., July 27.—The  
first wireless message ever sent from  
a hydro-aeroplane was received here  
yesterday afternoon on the United  
States torpedo boat Stringham. The  
message sent by Ensign C. H. Mad-  
dox from a height of 300 feet was as  
follows:  
"We are off the water, going ahead  
full speed on course for naval acad-  
emy."

The pilot of the hydroplane was  
Lieutenant John Rodgers, U. S. N.,  
senior officer of the navy aviation  
school. The apparatus, designed by  
Ensign Maddox, involves new fea-  
tures including the engine.  
The range of communication is un-  
derstood to be greater than thirty-  
five miles.

## PROGRESSIVES LOOKING TO THE SOUTH

Southerner May be Named For  
Vice Presidency—Wilson is  
Unpopular, Says Dixon

REACHED CREST OF FAVOR  
SOON AFTER NOMINATION

Progressive Editors Will Meet  
In Chicago at Time of  
the Convention

CHICAGO, July 27.—The prediction  
that a Southern Progressive will be  
nominated for vice president by the  
"Bull Moose" convention was made  
today by Senator Dixon of Montana,  
manager of Colonel Roosevelt's cam-  
paign forces.  
"Wilson," said Manager Dixon to-  
day, "reached the crest of the wave  
of his popularity five days after his  
nomination, and has been losing  
ground ever since. The Democratic  
nominee is unpopular personally and  
the Democratic platform does not ap-  
peal to the people. Incidentally there  
are no cheers for Taft either."

## PROGRESSIVE EDITORS CALL NEW PARTY SCRIBES TOGETHER

CHICAGO, July 27.—Editors Earl  
of the Los Angeles Express, Nelson  
of the Kansas City Star, and Van Val-  
kenburg of the Philadelphia North  
American, today called a meeting of  
Progressive editors here for August 3.

Edwin Sims, secretary of the  
Roosevelt National League, today re-  
signed his office because he opposes  
the third party in Illinois. Sims,  
however, will continue to work for  
Colonel Roosevelt's election.

## PROGRESSIVES MUST HAVE 5 PER CENT VOTE TO GET DELEGATES' EXPENSES

SALEM, Ore., July 27.—According  
to Secretary of State Olcott's inter-  
pretation of the Oregon law, it will  
be necessary for the Progressives to  
obtain the signatures of five per  
cent of the voters at the last elec-  
tion before being entitled to receive  
expenses for delegates to the Roose-  
velt convention in Chicago on August 5.

## CONGRESSIONAL HANDICAP ENTRIES NEARLY COMPLETED

SACRAMENTO, July 27.—Entries  
for the 1912 congressional handicap  
are pretty nearly completed at Sec-  
retary of State Jordan's office. Thirty-  
three patriots qualified. Entries close  
Monday for the September primaries.  
After that candidates will have to get  
petitions signed by three percent of  
the entire vote at the last election in  
their district in order to get on the  
November ballot.

## RAW SUGAR TARIFF PROVISION PASSED

WASHINGTON, July 27.—The sug-  
ar tariff revision bill, with a provision  
for thirty cents per hundredweight  
on raw sugar, making a duty of \$1.08  
per hundred, was passed by the Sen-  
ate in committee of the whole this  
afternoon. The vote was thirty-seven  
to twenty-five on passing the  
Lodge amendment providing for such  
adoption.

## THAW'S EFFORTS FOR FREEDOM CONTINUED

NEW YORK, July 27.—Efforts to  
release Harry Thaw from Mattea-  
wan asylum will be continued, de-  
spite the ruling of Justice Keogh that  
he is still insane.

## JUDGE HANFORD MAY BE COMPELLED TO FACE IMPEACHMENT

WASHINGTON, July 27.—President  
Taft may reject the resignation of  
Federal Judge Hanford of Seattle, if  
he is shown that the impeachment  
proceedings against him would have  
been successful. The President's ac-  
tion will be deferred until the sub-  
committee returns to Washington.

## LABOR COUNCIL URGING REJECTION OF RESIGNATION

LOS ANGELES, July 27.—The Cen-  
tral Labor Council telegraphed resolu-  
tions to President Taft today de-  
manding that the Judge Hanford in-  
vestigation continue, as the resigna-  
tion of the jurist did not clear his  
record.

## ROOSEVELT TELLS OF PLATFORM MATERIAL

Outlines Few of Progressive Ideas He  
Hopes to Have Incorporated in  
the Party Platform

OYSTER BAY, N. Y., July 27.—Col-  
onel Roosevelt yesterday let become  
known some of the features of the  
address he will make at the Chicago  
convention and hopes to have incorpo-  
rated into the Progressive platform.  
Some of the features are:

1. Diversification of industrial own-  
ership.
2. Minimum wage scale for wom-  
en.
3. Six-day working week with a  
maximum of eight hours a day for em-  
ployees in any continuing industry.
4. An attack upon the Democratic  
platform.

It can be stated definitely that Col-  
onel Roosevelt did not wish to bring  
some of these issues before the coun-  
try at the present time. He believes  
that it will be impossible to work out  
all the reforms that might be suggest-  
ed at present for many years to come.  
But he also believes that if a begin-  
ning is now made in two or three  
points that within ten or fifteen years  
hence the next steps will suggest  
themselves. For instance, he favors a  
minimum wage scale for men, but  
thinks the women's scale should be  
tried first. It is believed by Colonel  
Roosevelt that most of the leaders  
of the other parties in their hearts be-  
lieve in the measures Colonel Roose-  
velt will advocate, but they are afraid  
to stand publicly for such beliefs at  
this time.

## SUGGESTIONS CORRECTIVE OF SOCIALISTIC EVILS

Colonel Roosevelt is reported to be  
most anxious to see how the business  
men of the country will take his  
speech as an entirety. He hopes that  
they will not shy at the entire docu-  
ment because of some new things sug-  
gested. In his Columbus speech Col-  
onel Roosevelt believes that he took a  
conservative stand, but that because  
of one or two suggestions made in the  
last part of the speech there was a  
tendency among business men to over-  
look the major portion of the docu-  
ment.

In speaking of some of the new sug-  
gestions he will advance, Mr. Roose-  
velt said:  
"To my mind these suggestions are  
not socialistic, but are a corrective of  
socialism and an antidote for an-  
archy."

## DOCK STRIKE ENDED TO-DAY

After Ten Weeks' Duration in  
Which Strikers and Their  
Families Suffered

## GRAND TRUNK I. W. W. STRIKE

3000 Men Out—Police and  
Troops Dispatched to Guard  
Railway Property

VANCOUVER, B. C., July 27.—A  
World special from Edmonton, Alber-  
ta, states that a detachment of police  
and a company of soldiers have been  
dispatched to the scene of the strike  
inaugurated by the Industrial Workers  
of the World on the Grand Trunk Pa-  
cific to protect the property. A thou-  
sand men joined the two thousand al-  
ready out today.

## WRECK ON CANADIAN PACIFIC IS REPORTED

VANCOUVER, B. C., July 27.—Spe-  
cial dispatches from Fort Williams,  
Ontario, say that a serious wreck on  
the Canadian Pacific railway at White  
River, has been reported. Wire com-  
munication is interrupted and no de-  
tails are available.

## Bomb Throwing Reported

An unconfirmed report is current  
that the strikers threw a bomb into  
the barracks occupied by the mine  
guards yesterday and killed several  
people. It was said that the guards  
fear to leave the barracks except in  
crowds.

## ADVENTISTS ELECT

SANTA CRUZ, July 27.—The Ad-  
vent Christian conference in session  
here elected Rev. Dr. F. W. Shattuck  
of Napa president and the Rev. Mr.  
F. R. Dickinson of Santa Clara vice  
president. Other officers elected were  
the Rev. Mr. George Cooper of Santa  
Cruz, secretary; Dr. H. P. Carpen-  
ter, Santa Clara, treasurer; and E. W.  
Fields, of Santa Cruz, auditor.

The Rev. Mr. I. F. Archibald, Rev.  
Mr. T. H. Organ and Rev. Dr. F. W.  
Shattuck were appointed to the min-  
isterial committee.

## WILSON'S SPEECH NOW COMPLETED

SEA GIRT, N. J., July 27.—With  
shorthand notes of his speech of ac-  
ceptance complete, Governor Wilson  
arrived home today, ending his period  
of seclusion. He announced that his  
speech would be published Monday.  
It is thought likely that Senator  
Gore of Oklahoma will be the manager  
of the Western Democratic campaign  
with headquarters either in Denver or  
San Francisco.

## FORMED A CLUB TO BOOST FOR WILSON

PASADENA, July 27.—Progressive  
Republicans have organized a Wood-  
row Wilson Republican club here.  
The spirit of the meeting was: "Wood-  
row Wilson is a man of the highest  
integrity and capability. We, how-  
ever, do not in any manner abandon  
our fidelity to the Republican prin-  
ciples enunciated by the great Republi-  
can, Abe Lincoln."

Rev. Ben T. Beatty was elected  
president, Drew A. Vinney, secretary,  
and other well known Republicans  
were elected to various offices. They  
plan a vigorous campaign for Republi-  
can support for Wilson.

## SAY CITIES MAY MERGE

SAN FRANCISCO, July 27.—The  
city board of education passed a re-  
solution yesterday endorsing the move-  
ment to consolidate the bay cities in  
a greater San Francisco. Petitions  
are being circulated to ask authority  
from the state legislature for a  
merger.

## HUSBAND MAD, PURSUING HIS WIFE

San Mateo Millionaire McNamara  
Starts Across Conti-  
nent to Confront Spouse

WIFE DETAINED IN CITY  
ON HER WAY TO EUROPE

McNamara Will Force Family  
Troubles to Conclusion in  
the Courts

SAN FRANCISCO, July 27.—Thoro-  
ughly angry and determined to force  
his family troubles to a conclusion  
in the courts, Nicholas J. McNamara,  
the San Mateo millionaire, is today  
speeding to New York with his  
daughter Gladys. He is going to con-  
front his rich and paralytic wife, who  
has been detained in New York by  
the police, as a side issue to the ar-  
rest of three of her servants, whom  
the millionaire charges stole his  
\$4500 automobile, and alienated his  
wife's affections.

NEW YORK, July 27.—Mrs. Clare  
M. Perkins, Mrs. McNamara's com-  
panion, Chauffeur Fred H. Patterson,  
and Patrick Walsh, a valet, all McNa-  
mara servants, pleaded not guilty  
when arraigned in the domestic re-  
lations court, and were held without  
bail until August 3, when the San  
Mateo millionaire is expected to  
arrive.

Attorney Rosenberg appeared for  
Mrs. McNamara, and stated that the  
trouble arose over certain stock in  
a San Francisco bank, which is owned  
by Mrs. McNamara.

Mrs. McNamara, who is a paralytic,  
left her home in San Mateo in June  
with the persons arrested in New  
York. The party took Mr. McNamara's automobile and started on a  
jaunt through Oregon and Washing-  
ton. They bought tickets about July  
16 in Portland, Ore., for Carlsbad,  
Germany, and shipped the automob-  
ile by express to this city.

A few days ago Mr. McNamara  
swore out warrants in San Francisco  
for the arrest of the two men and  
Mrs. Perkins, charging them with lar-  
ceny of the machine, and said at the  
time that Mrs. Perkins had acquired  
in some way an influence over Mrs.  
McNamara which had led her to take  
the trip without saying anything to  
her husband.

Mrs. McNamara says, however,  
that she was taking Mrs. Perkins on  
the trip to Carlsbad because of Mrs.  
Perkins' kindness to her.

## MIKADO'S ILLNESS SAID INCURABLE- IMPROVED TO-DAY

TOKIO, July 27.—Bulletins  
from the Palace today state  
that the condition of the Em-  
peror is slightly improved, and  
his temperature is normal.

He is suffering from an in-  
curable disease, and despite  
his improvement, the attending  
physicians say there is no hope  
of recovery.

## AMERICAN ARMS HELD BY CUSTOMS

U. S. Troops Guard Supplies  
Meant For Americans in  
Mexico, Awaiting Orders

NOGALES, Ariz., July 27.—A large  
shipment of arms and ammunition  
consigned to the American consul in  
Sonora for the use of foreigners in  
case they were endangered by the  
rebels, have been held up by the Mex-  
ican custom officials. American sol-  
diers are guarding the arms until  
word comes from Mexico City to allow  
them to be forwarded.

## UTAH PROGRESSIVES

PROVO, Utah, July 27.—Four hun-  
dred Progressive gathered here to-  
day to choose delegates to the Roose-  
velt convention.

## SCORED SINS OF SLANDERERS

Evangelist Brown Preaches  
Another Powerful Sermon—  
Choir Has 100 Voices

HUNTINGTON BEACH, July 27.—Backed by a choir of more than a hundred voices, Evangelist Curry Thursday night made the song service which preceded the sermon at the Methodist campmeeting a feature of the revival. The audience which filled the great auditorium joined in the singing until the old-time gospel melodies reached for blocks around.

Evangelist Brown roundly scored the sin of unclean lips, charging that the slander-mongers and gossips of both sexes in any community are responsible for the breaking up of friendships, families and churches. He pleaded for confession and repentance as necessary before becoming a church member. "Religion is being made too easy," he said, "when men and women can join a church and yet cling to the dance, the card table and the saloon." He implored the congregation to right every wrong they had ever done so far as possible and return every dollar which they had dishonestly acquired before they allied themselves with any church or the world would rightly judge them to be hypocrites.

Like the "Sister Long-tongues" and the "Brother Tell-tails" to the buzzard which passes around streams and sweet-smelling flowers to seek carion, the speaker declared that these are the buzzards of the human family who seek for flaws in their fellow men and ignore their better characteristics.

The Epworth League meeting will be abandoned Saturday morning so that the leaguers can take part in the athletic sports to which they are to devote the entire day. There will be a children's meeting at 2 o'clock in the afternoon.

The Elliot Motor Car Company is building an addition of thirty feet to its garage here. Many new homes are now in process of construction, the largest number in the history of the city.

### Keeping It Up

No man can keep up with the auto game unless he has his machine looked over every little while by an expert machinist who knows the structure and mechanism of the standard car from A to Z.

## "LAND OF MILK AND OF HONEY"

Agent of Colony Company  
Studies Citrus Methods For  
His Beloved Palestine

Los Angeles Times: A new empire of the Jews, a rejuvenated Palestine and a returning "land of milk and honey," are the things which A. Brill, special representative of the Jewish Colonization Association of Paris and London, not only dreams of, but is bringing into actuality by his years of study and his introduction of modern methods of farming in Palestine among the Jewish people living there and the many who are returning to their native land from all parts of the globe.

Brill is staying quietly at the Occidental Hotel after passing three or four weeks in the San Joaquin Valley and in the orange groves of Riverside and Redlands. "Methods of cultivation and particularly methods of packing and shipping are far in advance of the methods employed in Palestine," he said in speaking of the citrus industry. "Machinery accomplishes much more in Southern California than in the country surrounding Jaffa."

Few people here seem to realize how important the citrus industry in Palestine has grown to be. There are from 5000 to 6000 acres under cultivation, most of this acreage being in the hands of the Jews, who are proving wonderful agriculturists. Last year they supplied 80 per cent of the citrus fruit used in England, more than 700,000 boxes. The object of the colonization association is to secure more land all the time, and after purchasing large areas, subdividing, irrigating and placing the right people on the tract, which range from five to forty acres according to the farming which the man who takes the property expects to do.

The climate of Palestine, he said, is very similar to that of the interior valleys of Southern California and the soil is frequently better. "In addition there is more rainfall, from eighteen to twenty-five inches a season, which is during the same period as that in this section," he said. "Our water supply is developed through artesian wells and has been very plentiful since the proper methods of bringing it out of the earth have been discovered."

One of the chief surprises of the scientific agriculturist, who twenty-five years ago graduated from the Agricultural College at Versailles, the largest on the continent, is the lack of interest shown by the farmers in this state in dry farming. "So much more can be done with scientific dry farming than is accomplished at present in the raising of grain and the farmers do not even read their own authorities on the subject," he declared. "Recently I visited Utah and there met Prof. Westcott, president of the Agricultural College of Utah, who is a great authority on dry farming. Two months after he had issued a volume on the subject, it had been translated into French and several other foreign languages and was favorably received throughout Europe. Arriving here, I find that his work is scarcely known."

To bring back to the tilling of the soil and remove from the dreadful condition of the Ghetto of New York and similar places in other cities, members of the Jewish race is the object of the colonization association, according to Brill. "In addition to the colony in Palestine, we have a very extensive colony in the Argentine Republic which has proven a great success," he said.

He will leave today for Imperial Valley, and after collecting data there, will go on to Texas and then Florida. He has written numerous books on agricultural subjects and will embody his discoveries on the present trip in book form for his people.

## GLAD TO SEE COOLER DAYS

Home Mission Study Class of  
Old Newport Discusses  
Race Problems

OLD NEWPORT, July 24.—The hot spell was broken Tuesday. For the first time in several weeks the sun rose behind a bank of fog, which, although it did not last very long, was enough to check the heat. The fog gave way about 8 o'clock, and a cooler breeze sprang up, which has continued cool every day since.

Word was received from Robert Leighton, who left here several weeks ago, from the northern part of the state, in Colusa county. He writes that the weather is pretty hot up there and all along the way he noticed that the crops were very light, it being so dry.

**Well Kept Secret**  
Miss Daisy Cree and Mr. Guy Bolyard, of Pomona, were married last January, but successfully kept the fact secret until Thursday of last week, when they made known their plans to set up housekeeping for themselves in Santa Ana, where they are now located on Halladay street. These are very estimable young people and their friends wish them all the prosperity and happiness possible for them.

Yesterday afternoon the members of the Home Mission Study Class met with Mrs. Edwin McFadden. The lesson was on "The Race Problem," and some very lively discussions ensued. After the study hour refreshments of ice cream and wafers were served. All present enjoyed the afternoon very much. The next meeting will be held at the home of Mrs. A. T. Armstrong, in four weeks.

Last evening a crowd of about fifty gathered at the home of Mr. and Mrs. H. O. Merritt to do honor to Miss Marie Strunk of Riverside. Games occupied several hours of the evening. Miss Strunk favored with several songs in her wonderfully sweet voice. Miss Ruth Armstrong efficiently rendered instrumental music. Later on all gathered around the table weighted down with all good things, such as Mrs. Merritt knows so well how to supply. The refreshments consisted of salads, sandwiches, olives, coffee, fruit, delicious home made ice cream, cake, and punch.

The revival services were closed on Sunday. Quite a few professed a change of heart, several joining the church Sunday evening.

Mrs. Wagner of Santa Ana, came Monday to make a visit with her daughter, Mrs. Ray McClintock.

Miss Jewel Hutton and brother, Marr, spent Sunday with friends in town.

Mrs. Clatworthy and sons, Willie and Thomas, are visiting in Los Angeles this week.

Quite a few of the men folks gave John Williams and bride a charivari last week.

Quite a number from here are attending the camp meeting at Huntington Beach.

Mr. and Mrs. Charles Segerstrom entertained Mr. O. H. Merritt and family and Miss Strunk at dinner Thursday evening.

Mrs. A. T. Cole is looking for her daughter, Mrs. Anna Kuppel, and family from Holtville, Imperial county.

Mr. and Mrs. Deb. Hutton spent Monday evening at the home of Mr. and Mrs. R. Tedford.

Mr. and Mrs. "Doc" Ellis and daughter Gladys took dinner with Mrs. Jeff Harlin Sunday.

Miss Kate Lockett of Santa Ana, spent Sunday with her cousins, the Walton young people.

Phil McClintock of Westminster, the Misses Waum and Miss Pearl Merton of Bolso, motored over to attend revival services Friday evening.

Mrs. Ould is recovering from a severe attack of indigestion.

Mr. and Mrs. H. O. Merritt and family and Miss Strunk motored up to the Arrowhead Hot Springs Sunday.

Miss Fannie Ould of Los Angeles, has recovered from an operation on her tonsils and is feeling much improved.

Mrs. D. A. Bear attended a dinner party at the beach home in Santa Ana Wednesday evening.

Mrs. Ed. McFadden entertained the Powells from Garden Grove Sunday.

Mr. and Mrs. Robt. Tedford entertained one of Mr. Tedford's sisters and her husband, of Los Angeles, Sunday.

All come out Sunday morning to learn of the plans for the Sunday school picnic to be held next week.

Miss Crenshaw of Los Angeles, is visiting her friend, Mrs. Lockett.

## A Foreword About 1913 And A Word of Advice to the Buyer

**THIS** will probably throw a little scare into some, but for the man with money to invest in an automobile it is good, sound practical advice

Most of you will remember that just before the 1912 season opened, we advised the public to wait and see what we had to offer before they bought.

We promised to save them considerable money. We told them how we could. And we did. Everyone knows that we made good on this. Tens of thousands followed our advice and profited by doing so. Our famous \$900 Touring car took the country by storm. It proved the equal of any \$1200 car shown during the entire 1912 season. To date we have had to refuse thousands of orders for this model and more are still pouring in.

Our advice for 1913 is the same as it was for 1912. Wait for the Overland announcement. We will make our 1913 announcement on August 17th. On that date the world at large will awaken to still more car for still less money.

Our 1912 production was nearly 25,000 cars. Our 1913 production will be 35,000 cars. This great production increase makes possible additional value and a still lower scale of prices. As our production increases, the cost per car decreases, which accounts for our ability to give more acknowledged car value for less money.

A few weeks' wait cannot make much difference to you; yet it will make a big difference by saving you considerable money. On August 17th you will get all the facts, specifications and particulars. Buy The Saturday Evening Post on that date. Watch the newspapers in your city. On that date the new Overlands will be in every city in America—ready for your demonstration.

August 17th will be red-letter day of the 1913 automobile year.

Remember the date and—wait!

## PHOSPHORUS PLAYS HAVOC

Small Catches Reported But  
Stray Current May Clear it  
Away in Short Time

(By Victor Walker of Hill & Walker's  
Sporting Goods House.)

Phosphorus has again made its appearance in the surf, and though it does not extend far into deep water, it has successfully driven surf fish from their feeding grounds. Parties have tried all the best surf grounds and report only a few small catches.

The evening tides during the week have been very favorable and the calm weather conditions could be no better, but the anglers for corbina will have to wait for a change of water. Phosphorus disappears as suddenly as it comes, and when some stray current carries away what is beautiful to the evening strollers at the beaches the hearts of sportsmen will be made glad again.

The big green-back mackerel continues to come and go at Newport, making fishing excellent one day and indifferent the next, causing boosters and knockers according to the luck of the anglers. Some always arrive the "day after," and the stories of catches the previous day are looked upon with suspicion, but should these unlucky ones persist they are bound to be in on a good run and the sport put up by these big green mackerel will repay any of the discomforts of waiting.

Never before has trolling been so good and the growth of this sport at Newport is well worth note. It is not at all uncommon to see a party of rod and reel men leaving the pier in a launch now, where before only the "clothesline club" took a hand in this game. The big catches are forcing attention to this branch of sport and Newport is favored with a location second to none in headiness to the trolling ground. Catches of from four hundred to a thousand pounds are of daily occurrence and the angler is assured of fish until his aching arms force him to store his rod and reel.

There was a stampede Friday afternoon among the rod and reel men. Trout tackle was dug up from beneath the surf outfits and in a dozen different quarters anglers were in secret session planning hurried trips to San Juan Hot Springs. It was reported that one dentist had a "lick" placard up, while a certain "young banker" suggested closing shop at once and declaring a holiday.

The innocent cause of all this flurry was the speckled trout brought in from San Juan Hot Springs by Hugh McDonald. The beauty measured 24 inches and weighed 4½ pounds, which is a record trout for Orange county.

The prize beauty was turned over to Mr. Jim Brown, to be frozen in a cake of ice, and is now on exhibition in the window of Hill & Walker's bicycle and sporting goods house at 221 West Fourth street.

## W. C. T. U. WOMEN OF ORANGE CO. FAVOR PRACTICAL LEGISLATION

At Meeting Yesterday Endorsed Proposed Measures to be Urged on Coming Legislature

The W. C. T. U. women of Orange County through the executive committee of the organization which met yesterday in all-day session at Westminster, decided on the endorsement of important legislation to be pushed at the coming session of the State Legislature. The list of measures proposed, which will have the aid of not only the W. C. T. U. women of the county, but probably of the women in general, were enumerated in the able report of the meeting given below by Mrs. Lea Warren, secretary of the county W. C. T. U., but for ready reference are listed here. These measures are of vital interest to women, as well as to the community at large.

**PROPOSED MEASURES AS ENDORSED BY W. C. T. U. WOMEN**  
A bettering of the community property rights law.  
Giving mothers equal guardianship with fathers over children.  
Raising the age of consent from 16 to 18 years.  
Providing for the establishment of a State industrial training school for girls.  
The establishment of a minimum or living wage.  
The establishment of a state-wide tuberculosis test for dairy cattle in the interest of pure milk.  
An initiative petition or an amendment to the anti-cigarette law making it unlawful to sell, use, or even have in their possession cigarettes, one of the worst dangers to American youth.

The anti-printing fight bill making it unlawful to have any form of prize fight in the state.

Free text books for all grammar schools.

Asking for the appointment of women on all boards of managers or commissions relating to institutions or schools for women and children.

Asking for a certificate of health for both parties, before the issuance of a marriage license, and also protecting the public health by demanding that physicians report certain diseases which have hitherto not been so controlled.

It was also agreed to endorse any law which the State Board of Health adopts to control social diseases.

The hope was strongly expressed that the Legislature will pass an amendment allowing a vote for state-wide prohibition in 1913.

The afternoon session of the executive committee meetings held quarterly in the form of an institute where important business and moral measures are considered. Mrs. Warren's report follows:

**Executive and Institute**  
The Orange County W. C. T. U. Executive Committee meeting was held yesterday at Westminster. The morning session opened at 10 a. m. The president, Mrs. Norman, presided during the day.

Miss Gabrielle Stickney of Pasadena, a state W. C. T. U. lecturer and organizer and former state president, was present, much to the pleasure of the ladies. The executive members were also greatly pleased to have with them Mrs. Florence Case, formerly of Westminster, but at present of Pasadena. Mrs. Case was the Orange County evangelistic superintendent for several years.

Mrs. Moore of Westminster, conducted the devotional service, Mrs. Lea Warren, county secretary, read the minutes and resolutions of the last day's convention held in Anaheim. The roll call of the local presidents and superintendents, was answered by a word from each union or department they represented. Some very encouraging news was reported.

Mrs. Rogers told of the Rest Tent cottage at Huntington Beach. It is now ready for use, and any one desiring to use it is asked to inform Mrs. Rogers.

**LIVED ON RAW EGGS**  
Mr. Richard's Experience With Different Diets. Peaches and Buttermilk for Three Years.

Cecilton, Md.—Mr. George Richards, of this place, during the past 12 years, has probably tried more different diets than the average person would ever use in a lifetime.

What he has to say about his experiments, must therefore be highly interesting to anyone suffering from indigestion or stomach troubles of any kind.

He says: "For more than 12 years, I suffered with stomach troubles, and paid hundreds of dollars for doctor bills and medicines. I was also operated on for piles."

I lived on dried peaches and buttermilk for nearly three years. The only thing that would not give me pain was raw eggs. I was a physical wreck. I could not sleep, and was as near crazy as a man could be.

I must say that after taking two 25-cent packages of Theodore's Black-Draught, I did me more good than all I ever spent for other medicines.

I have been working daily on the farm ever since, and I am as hard as iron. This purely vegetable remedy has been in successful use for more than 70 years. Try it. But be sure that it's "Theodore's."

ers, and arrangements will be made. It is the desire of the W. C. T. U. that it be kept in constant use during the vacation season.

The songs written for Orange County W. C. T. U. were sung during the meeting. The jubilee song, "Marching to Victory," composed by Mrs. Schulte of Fullerton, was one of the songs sung.

A discussion on the state pledges was held, and it was decided that the county be apportioned twelve cents per member, each union to use their own plans for raising the money, and it be specified that this money be used for state-wide prohibition work. The situation at Newport Beach was discussed and it was decided to ask the state workers to co-operate with the committee appointed by the Santa Ana union in helping to organize a union at that place and help in every way they could to create temperance conditions at that place.

The committee from the Santa Ana union is Mrs. S. M. Davis, Mrs. C. W. Burns, Mrs. Stroupe.

**Annual Mothers' Picnic**  
An invitation was extended by the Santa Ana union through the president, Mrs. Lea Warren, for the county W. C. T. U. to hold its second Mothers' picnic in Birch Park on the second Tuesday in September, the 12th. Mrs. Frank McElree, the county superintendent of Mothers' meetings, will have charge of the program.

The Orange union invited the executive committee to next meet at that place, and the invitation was accepted.

As Orange County is entitled to a delegate to the National convention to be held in Portland, Oregon, in October, Mrs. Gervais of Anaheim was elected as the delegate, with Mrs. Schulte of Fullerton as her alternate. Mrs. Frances Paine of Orange, the county treasurer, gave the regular report showing a balance of \$73.77.

**Afternoon Session**  
The meeting adjourned for a noon-day lunch which was served in the dining room of the church, and following the pleasant lunch hour, the president called the institute to order at 1 p. m. Mrs. Murray, the county evangelistic superintendent, led the praise service, Mrs. F. H. McElree presiding at the organ.

Mrs. W. B. Tedford had charge of a symposium on the "High cost of living." Printed slips bearing on different phases of the subject were handed to the members to be read and discussed by all present. By looking at the subject from so many different angles, many interesting points were brought out. Following the symposium all joined in singing the song composed by Mrs. M. E. Hill of Garden Grove, "No Saloons for Orange County."

Miss Gabrielle Stickney gave a very interesting and helpful address on the work in general, particularly along the line of state-wide prohibition. By request at the convention held in Anaheim last April, Mrs. J. N. Anderson had been asked to conduct a question box on legislative work. As Mrs. Anderson would not be present yesterday she had prepared the questions and answers which were read by Mrs. Norman. Following this the women voted to endorse certain proposed laws, a list of which precedes this article.

A rising vote of thanks was extended to the Westminster union for courtesies extended to the executive committee. The meeting was then closed by the singing of "Blest be the Tie That Binds," and a prayer by Miss Stickney.

Poultry dinner at the Hotel Rochester, Orange, tomorrow, 12:00 to 1:30. Price 50c.

**CANDIDATE FOR CONGRESS MEETS MANY OLD FRIENDS**  
William Kettner of San Diego, only candidate for the Democratic nomination for congress in the eleventh district, was in Santa Ana today shaking hands with old-time acquaintances and making new acquaintances. Kettner lived in Santa Ana twenty-two years ago, working on the business of the Free Press. Among those who met him today was W. B. Tedford, who helped initiate Kettner into the Odd Fellows nearly a quarter of a century ago. At the present time Kettner is in the insurance business in San Diego. He is a man of pleasing address, seems to be a good mixer, and expects to get out and hustle for election. He says he will be in Santa Ana frequently during the campaign.

An souvenir in which old-timers took much interest, Kettner showed a copy of the Free Press with a write-up of "Billy" Kettner on his departure from Santa Ana to take a position on a Portland newspaper.

## CASE OF PAY OR NO WATER

That is About the Way the School Board Has it Put Up to it by City

Contract For Wiring is Let to Santa Ana Man—Adjustment of Price

City Trustee Grubb and Water Superintendent Reid delivered a kind of an ultimatum to the city board of education last night. It was an ultimatum so far as the two men were concerned, but they said that they could not speak for the entire board of city trustees.

The statement of the committee of two was that the school department must pay the water department for water if it wants water from that source. City Attorney Heathman backed up the position of the committee by stating that the water department could legally demand the payment, but that if the school department cared to do so it could establish a water system of its own.

Grubb opened up the discussion by stating that since it is proposed to irrigate the new high school tract with water from the city system, it was necessary to find out what the school board will do. He said it makes no difference to the taxpayers, but it does make a difference to the consumers, who, if they gave water to the schools, would be contributing to a department that ought to get its sole revenue from equal taxation.

He said that to that extent the consumer would be paying money that ought to be paid by taxes on unimproved land, and the consumer would be double-taxed.

W. L. Duggan, president of the board, said he could see no reason for charging the school board, for the school district and the city have the same boundaries.

Grubb replied that the school board proposes to use a lot of water, and the city trustees could not let the school board make demands on the water department that would bankrupt that department.

Duggan said he thought it would be all right to let the grammar schools have water free, and charge the high school, for then one-fourth the cost would be gotten back from outsiders, who pay the exact cost of their school, one-fourth of the pupils of the high schools being from outside the district.

Reid stated that San Diego charges every department with the water used by that department. W. A. Zimmerman, a member of the advisory committee, stated he thought that the businesslike thing to do was to charge the school department with the water, and thus keep the actual running expenses of each department straight.

The amount proposed to be charged the schools was not discussed. The school board took no action on the matter.

**Wiring Contract**  
Six bids were received for wiring the new grammar school building, located on South Broadway. The contract was let to T. W. Neely of Santa Ana for \$187. The other bidders were: Southern California Electrical Co. of Los Angeles, \$197; J. G. Robertson, \$207; Cope Electrical Co. of Los Angeles, \$250; Thompson & Zimmins, Los Angeles, \$490; Newberry Electrical Co. of Los Angeles, \$532.

Three bids were received for furnishing the schools with three flagpoles, one sixty feet long and the others fifty. The bids, which were taken under advisement, were: Griffith Lumber Co., \$198; Pendleton Lumber Co., \$149; A. M. Davis, \$145.

Three bids were received for a heating and ventilating plant, and they, too, were taken under advisement. The bids were: Thompson & Zimmins, \$2070, with \$495 additional for automatic heat regulation; Cass, Smurr, Damerel Co., \$2320.80; Machinery & Electrical Co., \$2393. Representatives of the last two firms explained their propositions.

**Roofing Question**  
The school board is to decide whether the polytechnic high school is to be roofed with mission tile or cement shingles. The contract as let to A. C. Black calls for a finishing to take cement shingles, and to change to tile would mean additional cost in that a plank roof, water-tight, would have to be put on. No action was taken last night pending Black's decision as to what the extra expense will be.

Contractor Black, who was awarded the contract for building the new grammar school, explained that his price of \$21,499 was not for the simple window, which is more expensive than the ordinary window. He said the kind of windows would make a difference of \$800. After talking the matter over \$500 was allowed for the change in windows, and the contract will be signed up at \$21,999, which is a price well under any other bid.

## THEIR SILVER WEDDING DAY

Well Known People Were Aided in Observance of Twenty-Fifth Anniversary

Would anyone believe, only on the very best of authority, that Mr. and Mrs. Maurice Yarnell have been married a quarter of a century?

But it is "really and truly" so. Today marks the twenty-fifth milestone of a very felicitous married life for those genial people, and a silver wedding day, when happily reached, is something to be proud of. For it is proof positive that the principals in the matrimonial partnership are of sterling silver with enough of the alloy of human frailties to make a real satisfactory metal. That Mr. and Mrs. Yarnell are eligible for the sincerest congratulations on this auspicious anniversary, is a fact that needs no proof other than their own kind deeds and cheerful daily lives.

Nearly two dozen of the close friends of the Yarnells, remembering that the silver wedding date was near at hand, stole a march on them last evening. They invaded the new home of the quarter-of-a-century wedded couple, taking with them a substantial dinner worthy of the occasion. It was all a real surprise, and it may well be imagined that a merry evening ensued. The surprising party also took with them a handsome set of all-very bouillon spoons as an anniversary gift, and a handsome prize to be awarded to the winner of the high score in the whist games that had been planned.

By fortuitous circumstances, Mrs. Yarnell was the lucky maker of high score and won the pretty prize.

Those who joined in this delightful observance of a happy anniversary were Messrs. and Mesdames Arthur Lyon, W. A. Huff, J. R. Porter, C. V. Davis, J. D. Thomas, Parke Roper, John Carlyle, L. A. Collier, H. G. Connell, Dr. and Mrs. Shaul, Dr. and Mrs. J. I. Clark.

## Dinner for Out-of-Town Friends

Mr. and Mrs. J. P. Hatfield entertained a number of their Anaheim friends last evening at their home in the Whittier Flats, with an informal 7 o'clock dinner. A host of lavender and white asters graced the center of the prettily-appointed table at which covers were laid for ten.

The dinner guests were: Mr. and Mrs. Welborn Wallop, Mr. and Mrs. Homer Ames, Mr. and Mrs. Beebe, Mr. B. L. Parker and Miss Mary Lucille Parker.

## Missionary Tea

The ladies of the Missionary Society of the Methodist Church South had an interesting and social meeting yesterday afternoon at the home of Mrs. Wiseman on West Fifth and Barton streets. The occasion was the regular tea given at regular intervals by this society. An informal and de-

## HOLLYWOOD HAS PROUD AMBITIONS FOR HER HIGH SCHOOL GIRLS

Hollywood is in training as a matrimonial mecca. The Hollywood schools are planning so practically that in the near future all the Hollywood high school girls will be finished housewives, knowing how to cook, how to get along on a small income and how to make their homes truly artistic. A \$20,000 addition to the high school is to be built for the domestic science and art department, and Dr. Snyder, the principal, says that Hollywood will then have the best domestic science department of any school in the world. He further says:

"We are going to teach the girls how to cook in American style, and how to do handiwork."

Each girl must be a thoroughly good cook before leaving the school.

"The art department will teach the girls not only to make artistic homes but to make them on a small income."

We want the homes to be better than mere sleeping places. We will teach love of nature and of making everything pretty."

"The girls and the boys will be taught in this building the construction of ornaments, wicker chairs, tables and other home utilities."

lightful time was spent, a short program being the principal entertainment. Piano and violin solos were played by Misses Caroline Houghton, Ruth Violet, Lillian Norman and Muriel McPhee, all the numbers being played charmingly.

Conversation whiled away a considerable portion of the afternoon which was closed by the serving of delicate refreshments by Mrs. Wiseman, the hostess.

## Hard Times Social

The Old Newport League will hold a Hard Times lawn social at the home of Mr. and Mrs. E. G. Adams on Thursday evening, July 30. Out-of-door games will be the amusements, the main feature being the game of "snaps." Ice cream and wafers will be served at a nominal charge.

## Complimentary Organ Recital

Mr. C. Percival Garratt will give a complimentary organ recital next Tuesday evening. Mr. Garratt will be assisted by William H. Schilling, a talented violinist who has just located in this city. This recital is given complimentary to all who attended the third recital as well as their friends.

## Educator to Wed

Of special interest to the boys and girls of Santa Ana High School, to the faculty of the same institution, and to the scores of friends made here by the highly esteemed young educator mentioned in the following notice from the Whitewater (Wis.) Gazette, will be the romantic news contained therein:

"A house party was given at Madison last week in honor of Miss Laura Phillips, who will be married later in the summer to Mr. Emory Ratcliffe of Santa Ana, Cal."

Mr. Ratcliffe has been the popular and efficient coach of the high school athletic team, as well as instructor in history, for two years past. He was re-elected this year, and if the prognostication of the above notice is fulfilled, Santa Ana will have the opportunity of greeting Mr. Ratcliffe's bride on his return to take up his school work.

## THE DIXIE CONCERT

New Departure Greatly Liked; Last Night's Musical Offering Was of Great Merit

The concert rendered at the "Dixie" last night by the Elmer Krieger Orchestra under the leadership of Prof. Krieger and made up of eight of Santa Ana's best musicians, was thoroughly enjoyed by a packed house last night. The music was well selected and rendered in a masterly manner and judging from the applause it brought forth, was thoroughly appreciated.

The bill of pictures shown were also thoroughly enjoyable and pleasing. Especial mention should be made of "Radgun," a story of the feudal days of early history splendidly acted and beautifully hand painted. The "Funeral at Sea," a thoroughly original and full of rich, clean fun.

"Jean of the Jail," a pretty Spanish romance, presented by the Kalem is a gem of fine photography.

"Hoodooed" and "Her Uncle John" are both laughable pictures. Taken all together a thoroughly enjoyable evening was had by everybody.

**EX-TRAIN-ROBBER IN SANTA ANA**

Got \$9800 in One Raid; Overlooked \$110,000

George Sontag, ex-train robber and bandit, of California outlaw fame, is at the Bell Theater, and tonight and Sunday night will give his famous number in pictures and talk of "The Polly of a Life of Crime," being a life sentenced convict, serving over fifteen years at Folsom prison, and then pardoned, he is in a position to tell of an experience that few can relate. After one has heard all of the best sermons ever preached on crime, one can learn a lot from hearing George Sontag. To quote the words of one of Santa Ana's police officers: "It will do every man, woman and child a lot of good to hear George Sontag."

## "MAKING GOOD"

## FINANCIALLY

People are said to "make good" in a financial way when they apply that wisdom in administering their incomes which enables them to lay up something.

You will never make good financially as long as you spend all you earn. You will begin to make good when you make a start as a money saver.

## Hill's Corner

213 East Fourth St., Santa Ana.

Our purpose in occupying this corner was, and still is, to let the people know that "we are on the map" and that we have some things to sell. That's what we bought the things for, and we have about the biggest stock that we have ever carried of Wood and Coal Cook Stoves and Ranges, Gasoline Stoves and Oil Stoves, Gas Stoves, Corrugated Iron Roofing, Rubberoid Roofing and several kinds of cheaper roofing material.

Our stock of Plumbing Goods is the most complete of any in the county.

Our stock of General Hardware is the largest that is carried in Southern California outside of Los Angeles and we can meet any prices made on this coast because it costs us less to handle the goods than the goods can be handled for in the larger cities.

**Hurt Fisherman's Business.**  
A strange story comes from Frontignan, Herault, France. Recently 700 gallons of confiscated wine were thrown into a canal there by the customs officers. But the wine had the effect of intoxicating the fish, which swim on the top of the water and can be picked out by hand. The housewives refuse to buy fish when they can get them for themselves, and the fishermen in the district have united to protest against the action of the customs officers.

LOS ANGELES PRODUCE MARKET

The bottom dropped of the cantaloupe market yesterday morning and before it could be replaced the price on this delightful summer melon was down to 7 cents on pony crates and the standard sizes sold from 90 cents to \$1.00. The greatest portion of the stock is coming in from Imperial and Coachella Valley and there has been much of it within the past few days that has not been of very high grade. Over ripe and green melons have been packed by some of the producers in promiscuous fashion, showing that the vines are being stripped right through in an effort to get the best possible prices before the local crop becomes heavy, according to the opinion of some of the wholesalers here. Cantaloupes from this section are beginning to arrive in marketable quantities and are of good appearance. Watermelons were also down and a high price was a pound. They sold at \$10 per ton in large lots and were not very fast in moving.

Cherry receipts were the lightest since the opening of the season. Only 5 crates were received and the market on this fruit went as high as 30 cents among the few dealers who controlled the little stock on hand. Apple receipts were heavier, 649 boxes, and the demand was good. Apples are coming off in the present quotations. Grapes were down and some of the black varieties are beginning to appear. The first shipment of Tokays is expected to arrive here today.

In the vegetable market there were no changes, all varieties of bunch goods being plentiful and the salad vegetables being more than that in the case of tomatoes.

The staple market remained steady all through the day, as far as fixed prices are concerned. Total arrivals of eggs were 175 cases and prices were steady with few sales on the exchange.

Butter remained at 29½ cents on creamery extras. Arrivals of the commodity were 23,567 pounds. The Northern market was reported steady.

Cheese arrivals were 7004 pounds. Tlhamook, or Oregon daisy cheese sold well. The market on eastern varieties is slow, and fancy cheese is also moving sluggishly.

Sweet potatoes were particularly plentiful and sold from 4½ to 5½ cents on the open market.

## CONVENTION IS SEPT. 14

Republican County Central  
Committee Performed Per-  
functory Duty

This afternoon a meeting of the Republican county central committee was held at the city hall, twenty-three members out of fifty-nine being present. The committee issued the necessary call for the election of delegates to a county convention, and set the date of the convention at Sept. 14 at 2 o'clock, in the Grand Opera House. Under the law the delegates to the convention are to be elected at the primaries on Sept. 2.

Under the rule adopted this afternoon the basis of apportionment is the vote cast for Gov. Johnson two years ago. Each precinct is allowed one delegate for every fifteen votes

cast, and every fraction of fifteen votes.

## GOODWIN IS IN THE RACE

Eleventh Hour Candidates Get  
Into the Running—Welton  
Is Out of It

William A. Goodwin, an Orange-thorpe rancher, has jumped into the race for the Republican nomination in the Third supervisorial district and along with Goodwin's advent comes intimation that George C. Welton, a city trustee of Fullerton, has quit his candidacy. That leaves the Republican nomination between the eleventh hour candidates, Goodwin, and Schumacher of Buena Park, himself not much sooner than an eleventh hour man.

Months ago lines were being laid for the nominations for the job now held by D. S. Lineberger, Democrat, of Fullerton. Three Republicans were talked of, Aldrich of La Habra, Welton of Fullerton and Newell of Placentia. Newell switched to assembly prospects. Aldrich seems to have dropped out, and though Welton has been running an announcement card in the Fullerton papers, he has taken out no nomination petition. Since Monday is the last day in which the petition can be filed, it is taken for granted that Welton has withdrawn. Goodwin has been a prospective candidate for some time. He got busy a day or two ago, and this morning his petition was filed. Schumacher's petition will be filed on Monday. That puts the Republican nomination between Schumacher and Goodwin.

J. H. Brunsworth and V. U. Simpson, both Anaheim Democrats, have taken out their petitions, and Brunsworth has finished his and filed it. Simpson is expected in with his petition on Monday.

In the First district, Santa Ana, no Democrat has taken out a petition. If Walter Greenleaf should decide to run, the petition can be taken out, signed up and filed on Monday.

IN THE JUSTICE COURT

### TWO WIFE DESERTION CASES TO BE HEARD

Preliminary Hearings Have  
Been Set Down by Cox For  
Dates in August

Justice Cox had two men in court this morning, each charged with wife desertion. One was Harry Miller, owner of a West Fourth street store now closed under attachments. Miller was represented by Attorney J. H. Foley of Los Angeles. His preliminary examination was set for August 3.

George W. Beswick was represented by Attorney Clyde Bishop. His preliminary examination on a charge of abandoning his wife was set for August 19.

**Other Cases Set**  
The preliminary examination of Earl Ward, charged with the theft of an automobile at Placentia, was set for August 5. Ward's attorney is Bishop. K. Tani, a Japanese accused of stealing \$85 from a countryman, is to have his preliminary on August 9. Dick Harding is Tani's attorney. Ben Leclago, to be tried for carrying a revolver, is to be tried August 20. He is to be represented by Attorney A. J. Green of Los Angeles.

## ALL RECORDS TO BE BROKEN

Railroad Men Say California  
Will Break All Records  
This Year

That the fruit crops of California will this year break all records is the assertion made by railroad men who are in charge of the handling of this sort of freight. An estimated valuation of \$96,000,000 is placed on all the fruit that will be shipped from this state in 1912. This estimate places a valuation on the different products as follows:

Citrus products ..... \$34,000,000  
Vineyard products ..... \$24,000,000  
Green fruit products ..... \$20,000,000  
Sugar beets ..... \$14,000,000  
Sugar beets, of course, are not sent East, but are used in the beet sugar mills in California. Wine and fruit grapes and raisins, sent East by the hundreds of carloads, give vineyard products a very large showing. Oranges and lemons from Southern California and oranges from the San Joaquin and Sacramento valleys have increased in shipments so rapidly as to make citrus products a large factor in California's eastern traffic.

Notwithstanding the fact that last year was a record year in point of green fruit and cantaloupe shipments to the East, it is said that the shipments this year will greatly exceed this. The traffic men estimate that 11,569 cars of green fruit will be shipped East this year. This will represent 347,070,000 pounds and they place a valuation on the shipments of \$12,147,450.

The fruit product comes from the San Joaquin, Sacramento, Yuba and Santa Clara valleys. In this general region also, are produced the apples and canned fruits that are sent east. These, however, are not included in the 11,569 cars, and it is believed that a fair estimate would make the total value of green fruits and their products \$20,000,000. This means that the value of the green fruit shipments and the shipment of green fruit products will about equal the state's present yearly production of gold.

There are good fruit crops in the East this year, which to some extent accounts for the relation between this year and last year. In cars, the gain in shipments is estimated at 500. The gain in money return, however, is figured at \$2,185,300. The gain in pounds is estimated at 15,000,000.

Relative to cantaloupe figures, a new industry in the Imperial country. Southern Pacific officials give out the following figures for the season just closing:

Cars ..... 2,700  
Gates ..... 945,000  
Number of cantaloupe ..... 42,535,000  
Value ..... \$2,035,000

During the 1911 season the value of the product sent East was \$1,935,000. The number of cars was 2,580, while the number of cantaloupes was 40,635,000.

## TWO COMMITTEES DISCUSS RAILROAD

Orange news: Two committees, representing the Santa Ana Chamber of Commerce and the Merchants & Manufacturers' Association met with the Pacific Electric finance committee here last evening to discuss the question of raising money for the right-of-way fund.

The visitors stated that they came to learn all they could of the railroad situation, that they might report back to their respective bodies. They gave assurance that Santa Ana is interested in the road, but could give no assurance that financial help would be extended.

Various other committees of the finance committee reported, but there was no general summing up of the amount of money now actually subscribed.

The resignation of S. M. Craddock as chairman of the committee, was filed and accepted. Mr. Craddock said that he had learned that a number of subscriptions would come in only on condition that he resigned. F. L. Ainsworth was elected chairman and W. G. Hagen was chosen to the vice chairmanship vacated by Mr. Ainsworth.

It was decided to organize a committee of five to take up immediate soliciting for the larger subscriptions, so that a definite sum actually subscribed can soon be published, as it is felt that the subscription list should soon be given publicity so that the people can see what has actually been done toward raising the money. The selection of this committee was left to the chairman.

**That Caught Them.**

The newest service rendered by monkeys to mankind, says an English paper, was recently illustrated in London. In one of the school districts too many parents reported no children in their families and in order to ascertain the real number of children in the district the school officers resorted to an ingenious measure. Two monkeys were gayly dressed, put in a wagon and, accompanied by a brass band, were carried through the streets of the district. At once crowds of children made their appearance. The procession was stopped in a park and the school officers began their work: distributing candies to the youngsters, they took their names and addresses. They found out that over sixty parents kept their children from school. The ingenious measure brought to the school about 200 boys and girls.

**Boyhood Days.**  
Little Ethel—"I wonder why men always like to talk about their school days?"

Little Willie—"Oh, I guess it's because after they get grewed up they want to find out where their teachers live so they can do unto them as they got done by."

**Cure for Nerves.**  
People cultivate nerves to a large extent and do not apply simple rules to cure them. Healthy work, particularly out of doors, is an excellent antidote to nerves. Onions are a very good tonic for nervous people. Cranberries are good for sufferers from inactive liver.
